

Holts Tyreweld

Article Number: HT2Y

Size: 300ml

Description

Tyreweld is designed to temporarily seal a puncture and get you back on the road without needing to change the tyre.

With a specially designed formula, this all-in-one solution repairs and re-inflates without damaging the tyre, and you can drive for up to 100 miles.

Key Benefits

- Quick and easy emergency puncture repair
- No tools or jack required
- No damage to tyre, guaranteed
- Drive up to 100 miles
- Safe non-toxic formula
- Washes out of tyres easily after use, so the tyre can be repaired
- 300ml is suitable for small tyres up to 14"

Application

- Screw the connector to the tyre valve
- Twist the red button to 'on' & move away from passing traffic
- When the can is empty, twist the red button to 'off' and unscrew from the valve. Drive immediately

Physical Properties

- Appearance - White opaque liquid
- Odour - Characteristic
- Density - 1.005 g ml⁻¹
